DETAILED ACTION

1. This action is in response to RCE and Amendments filed 1 September 2004. Per Applicant's request claims 1-3, 13, 15, and 19 have been amended. Claims 1-9, and 11-17 are pending.

Claim Rejections - 35 USC § 112

2. In view of the Applicant's amendments and comments, the prior 35 USC 112 rejections are hereby withdrawn.

Allowable Subject Matter

3. Claims 1-9 and 11-17 are allowed.

4. The following is an examiner's statement of reasons for allowance:

As Applicant has pointed out on page 8, 5th paragraph, the closest prior art of record, US Patent 6,360,366 to Heath, fails to teach "updating an applet when detecting a user event causing performance of an online process during execution after the applet is initialized", and additionally as pointed out on page 9, 2nd paragraph, Heath "only teaches updating an application when a launcher is engaged, but does not discuss or suggest deleting an applet and retrieving a latest version of the applet when the applet is terminated", as recited in all independent claims 1, 3, 13, 15, and 16.

Prior art of record does not disclose such limitations and a combination would not be obvious.

Thus all claims 1-9 and 11-17 are allowed.

Art Unit: 2122

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
